WORKSHOP DESCRIPTIONS

Show Ticket Request Walk-Through

Richard Frazier, Show Ticketing coordinator, will demonstrate the new ticket request process, previewing the software we will use this year and helping directors set up their personal account. This is a big change from previous years, and we want to help simplify this process to improve the ticket selection experience for all Troupe Directors.

Conference Registration and Agreement Forms

Come learn more about the conference registration process and deadlines, see an online demo of the registration process, and learn about the enhancements we're making to the conference agreement form.

Individual Events

Cece Conrath, IE Coordinator, will discuss event rules, how to select, rehearse, and perform IE's as well as how to secure performance rights. Get your year started on track by understanding the IE process and clearing up any questions you might have.
